LOWER LAKE, Calif. – September 16, 2024

CalFresh Replacement for Food Loss Due to Power Outages 9/08/2024

The Lake County Department of Social Services (LCDSS) is able to assist households who experienced food loss due to power outages lasting four hours or more with CalFresh Supplemental Nutrition Assistance Program (SNAP) replacement benefits and applications.

CalFresh replacement benefits are available to households already in receipt of CalFresh who lost food due to power outages. CalFresh households that lost food due to power outages related to the fire, which began 09/8/2024 have 30-days, instead of 10-days, to request replacement benefits thanks to a [Timely Reporting Waiver](#). Households have until 10/7/2024 to submit their [CalFresh Replacement Requests](#).

Expedited CalFresh applications are available to qualified low-income households who do not already have benefits. At this time, Disaster CalFresh benefits are not available, as a Presidential Disaster Declaration for Individual Assistance is required to operate, which we do not anticipate.

To request replacement CalFresh or to apply, contact Lake County Social Services:
